		Ready to Go (portfolio book)	85	
	Maths	Planet Maths	41	
	SESE	Ready to Go (class book)	131	Neptune

Students and parents,

First, I hope everyone is keeping well in these strange times we now find ourselves in. Please ensure your child is getting a mixture of play and school work. It is important that you and your child do not find these times stressful; especially with all the news we are hearing daily, then trying to keep up with school work. The above assigned work is familiar to your child. Irish is a continuation of what

they have already we have been doing for homework. Maths is revision of all topics covered to date. English is a continuation of reading and comprehension. We have covered all the planets in SESE. I told the children to create a small project based on the Sun and the Planets. Have fun doing this. Drawings and printed photos are always fun to include.

I have just set up Seesaw. Please contact me through the email address below and I will send you on your own personal code. This will help with daily ongoing communication.

Remain safe and look in on the needy.

Mr. Davey

derekdavey@kilbeggannationalschool.com

Please complete the following work over the week

(this file will be updated on Friday 20<sup>th</sup> March)
