Throughout the month of June, I would like you to stick in different plants, leaves, flowers, animals and insects you find. You can use photos or draw the different plants and animals you discover. Label each of the pictures in your journal and write a short piece of information about each of them (2 – 3 sentences). Fill as much of your journal as possible. I can't wait to see your journals!

** **PE:** Make sure to get plenty of exercise throughout the week.
