

1st class English

Please connect to SEESAW If you have not already done so. Download the SEESAW Class app, choose *I'm a student* and then scan the QR code that I've already emailed to you. There are activities assigned to each child which can be completed and uploaded. Don't forget to select your own profile from the class list.

- I have also set you up on GET EPIC, an online digital library which is currently free during the school closures. (See email about this) I have assigned books which I think would be suitable but feel free to read any of the books. There are loads of *read to me* books also. Class code: evg3575

1st class Maths

There are Maths activities on SEESAW also.

I have sent you an email connecting you to **IXL**, a website for Maths and English activities grouped by class. For this week go to Senior Infants Maths and do the sections marked **Comparing** and **Patterns**

I have prepared a little booklet of revision sheets which were left with your books to be collected at the school. Work through this at your own pace. Don't worry if you didn't get to collect your books.

- If you have any difficulties you can email me on eileenoneill@kilbeggannationalschool.com

3rd Class English

- Please connect to SEESAW for reading and phonics activities assigned to you. I have already emailed the details and codes to access SEESAW
- I have signed you up to GET EPIC which is an online digital library. (See email about this) Please read as much as you can during this time. There are books to suit every level and interest! Class code: evg3575
- I photocopied some comprehension passages and put them with your school books on Friday. For this week try *Going on a train* and *On the train*

3rd Class Maths

- Revise multiplication tables x2x4x8x5x10 (use Topmarks.co.uk: *the daily ten* to help practice them)
- I have sent you an email connecting you to IXL , a website for Maths and English activities grouped by class. For this week go to 3rd class Maths and work on *Subtraction(D1,D2,D3* and *Understand multiplication*. I will be able to monitor all your work.
- If you have any difficulties you can email me on eileenoneill@kilbeggannationalschool.com
