

SET work Week 3

3rd class Maths and English:

Week one and two of your packs that were handed out should be completed. You can start week 3 Maths and Literacy activities this week. (You can add a photo of your completed worksheets to your Seesaw account so I can see how you are getting on)

Continue to practice tables Multiplication and Division (useful websites are Top marks, IXL, N rich maths)

Mathletics are doing free trial for parents and students for 30 days (very easy to set up and all the topics are there for you)

Keep reading with your child

Weekly activities uploaded on your child's Seesaw each week. (QR codes were handed out).

4th class Maths:
